DepositConnect Cash Recycling Solution

Why venues are benefiting from using DepositConnect

DepositConnect delivers fast, secure cash management all backed by 24/7 support from our dedicated and experienced technical team. It is a total cash recycling solution that securely and accurately tracks and manages cash flow in all areas of your business including tills, cash-out terminals, cashier stations, gaming machine clearance, petty cash and banking. Cashiers can quickly and securely fill and empty tills whilst avoiding the risks and costs associated with cash handling, such as theft and shrinkage. DepositConnect simultaneously counts and authenticates notes and coins before delivering a receipt. DepositConnect will make significant savings on your cash handling and reconciliation costs.

DepositConnect
