ATM Plus

How Does it Work?

- + There is no cost for a TAB customer to deposit or withdraw cash at ATM Plus using their TAB Account.
- + There is no transaction rebate payable to the venue by Banktech for these transactions.
- + The venue will empty the cash deposited into the ATM Plus bank note acceptor each day and Banktech will debit the venue's bank account for that amount.
- + Banktech will settle the value of the cash withdrawn by TAB customers at ATM Plus as per the existing ATM settlement arrangement.
- + Banktech will provide a monthly statement of TAB transactions and turnover.

Depending on your existing ATM arrangements, we can provide you with two options:

- + **Full ATM with TAB Services** - we can supply our ATM Plus terminal that will perform both ATM and TAB transactions. **We will pay you a rebate on ATM transactions.**
- + **"TAB Only" Services** – A terminal that only performs TAB transactions (not ATM Transactions). **You will pay a flat monthly rental.**

If you have less than six months on your current ATM Agreement – let's talk.
