

CashConnect ATM PLUS

The bridge between cash and digital payments

Transform Your ATM Into a High-Value Revenue Engine

Turn your ATM into a powerful profit centre. ATM Plus not only delivers greater convenience for everyday cash users, but also opens the door to more digital transactions that boost customer satisfaction and drive measurable revenue growth.

With ATM Plus, you're not just meeting modern expectations – you're exceeding them.

- + Increase revenue**
Increase foot traffic and attract new patrons seeking digital services.
- + Top up digital wallets**
Customers can top up digital accounts with cash.
- + Innovative**
A barcode scanner and note acceptor enables customers to perform a range of transactions.
- + Omni VISION**
Connects to the Omni VISION portal for remote monitoring of cash levels across your terminals.

FAQs

What if I need help?

You're never on your own. If an issue comes up, our team is ready to step in – fast. With a 24/7 help desk, proactive incident notifications and a field service team operating 7 days a week, we resolve problems quickly to keep your ATM Plus running smoothly and your customers satisfied.

Why is ATM Plus better than a regular ATM?

ATM Plus goes far beyond basic cash withdrawals. It delivers a wider range of high-value digital and self-service transactions that today's customers expect – all from one sleek device. The result? Higher customer satisfaction, more engagement, and increased foot traffic as people return for the added convenience and choice.

Is ATM Plus secure?

Absolutely. ATM Plus is built with industry-leading security, including a Level 1, 24hr-rated safe. Your cash is safeguarded by high-grade standards, ensuring complete peace of mind.

Is ATM Plus reliable?

Yes. ATM Plus is engineered for performance, delivering industry-leading uptime of over 98.5%. That means more consistent service, fewer disruptions and a smoother experience for both you and your customers.
