5 denominations

Continuous feed
input module

24/7 support
and 7 day
field service

MINI CASH RECYCLER

Control and security that makes financial sense

- + Smaller footprint and less than half the cost of larger recyclers
- + Designed for venues with more modest cash volumes, so the ROI is easier to see
- + Helps reduce the risk of theft and shrinkage - especially important for venues that have had issues in the past
- + Reduces time owners and managers spend in the safe room, helping contain overtime and labour costs

Big features that matter to smaller venues

- + Secure cash access without opening the whole safe
- + Automated counting and self-check
- + Quickly prepare floats for tills and EGMs
- + Optional transit cassette

Up to **70%**
faster gaming clearances

100%
Confidence
of cash on hand

Save hours
every day
